Rules and Regulations Hearing to Revise 2.1, 2.4.1.7, 3.0, 4.0, 5.0, and 9.4.5.1

Ms. Singh said the purpose of the hearing was to consider adoption of the proposed amendments to the Board's regulations. The amendments, if approved, will become part of the Board's final Rules and Regulations. Pursuant to the Administrative Procedures Act at 29 Del. C. §10115 notice of the proposed amendments to the Rules and Regulations were published in the August 1, 2015 Delaware Register of Regulations. Ms. Singh marked as Board Exhibit #1, affidavits of publication from the News Journal of today's hearing, Board Exhibit #2, affidavits of publication from the Delaware State News as notice of today's hearing, Board exhibit #3 is a letter dated August 26, 2015 from the Delaware State Council for Persons with Disabilities commenting on the proposed changes. Ms. Singh read aloud the letter for the record. Board Exhibit #4 is a letter dated August 31, 2015 from the Governor's Advisory Council for Exceptional Citizens commenting on the proposed changes. Ms. Singh did not read this aloud as it repeats verbatim the previous letter. There was no public comment. Pursuant to 29 Del. C. §10118(a) the public comment period will remain open for 15 days, and written comments will be accepted by the Board 15 days after today's date. COMMITTEE REPORTS

Former AWSAM now LLAM Committee

Ms. Tyranski referenced the letter that was submitted as written comment to the proposed regulation changes suggesting LLAM trained unlicensed assistive personnel (UAPs) also be able to administer nonprescription medications. She clarified an order is required from a physician or nurse practitioner regardless of whether it is an over the counter or prescription medication that will be administered by the UAP. Ms. Tyranski confirmed the scope of the program does include the administration of nonprescription medications as long as an order is in place. Ms. Tyranski also clarified a comment

regarding medication errors. She explained there are two different competencies where they must show they are error free, one is at the initial training point and the other is before retraining. Dr. Contino inquired if further clarification was needed. Ms. Singh advised the Board to consider the comments at their next scheduled meeting when they will deliberate. Ms. Tyranski reported the Frequently Asked Questions have been completed and are being distributed by committee members internally within their respective organizations before they are posted to the Board's website to ensure they are clear. Upcoming, the LLAM committee is going to work on what items are going to be required in the Annual Reports. The next committee meeting will be scheduled pending the outcome of the Rules and Regulations hearing.

Rules and Regulations/Legislative Committee

Ms. Darling reported the Committee has reviewed the Regulations and made suggested changes to Sections 3 and 4 which enrich the current regulations. The committee referenced the National Council of State Boards of Nursing (NCSBN) and local nursing program's curriculum to complete this work. The committee has updated the LPN Supervised Practice Plan Clinical Checklist. The RN checklist will be completed next. Ms. Darling referenced the comments received regarding the regulation changes and shared that she believed the committee felt a long term care or acute care setting provided the most opportunity for comprehensive experience, however the comments have offered other alternatives such as a dialysis center and other non-traditional nursing settings. The Board will take this into consideration when deliberating on the Regulations next month. She encouraged the Board to review the draft Clinical Skills Checklist that was distributed for their review and to provide any comments.

APRN Committee

Dr. Williams reported the Bill signing for SB57 and SB101 was September 1, 2015. The next step, she explained, is forming the new APRN Committee. She reviewed the composition of the committee will include four APRNs, one from each of the four roles, four physicians, and a pharmacist member. They have received letters of interest for many of the committee roles. Dr. Williams reviewed those who have been identified thus far including: Sandy Elliott as the Certified Nurse Midwife member, Cindy Cunningham as the Clinical Nurse Specialist member, Megan Williams as the Nurse Practitioner representative, and there are two candidates for the Certified Nurse Anesthetist (CRNA) position – Delphos Price and Robert McKennett. The Board will need to vote on which of the two CRNA candidates will serve on the committee. Dr. Williams stated Dr. Lawless has been selected as the Board of Medical Licensure and Discipline (BMLD) member, and the pharmacist member is Dr. Patel. The Medical Society of Delaware will be appointing the other three physician members. She hopes the committee will convene in the near future. Dr. Williams stated that the Board has made significant strides and earned more points towards adoption of the consensus model, but Delaware is not yet considered full adoption as there is a component of the legislation that stipulates if an independently practicing APRN in the state is disciplined, the discipline would need to be approved by the BMLD. As a result, the national organization does not recognize Delaware as full adoption of the consensus model.

Mr. Price and Mr. McKennett's respective letters of interest and curriculum vitae were distributed to the Board for their review for the position of the CRNA member on the new APRN committee. Dr. Williams explained that both candidates are excellent choices for the committee. Board members noted Mr. Price's previous service on the former APN committee and work on getting the consensus model legislation passed. By unanimous vote, the Board voted Mr. Price as the CRNA member of the new APRN committee.

Practice and Education Committee

Dr. Contino reported the Practice and Education Committee has not met since the Board's last meeting in July. The Committee received notice from Delaware Technical Community College Owens Campus that Julia Seeley has stepped down as the Department Chair. The Board also received a letter and curriculum vitae for Dr. Pamela Zickafoose for the Board's review and approval as the new DTCC Nursing Department Chair and Instructional Director. Ms. Tyranski made a motion, seconded by Ms. Nellius to approve Dr. Zickafoose as the new DTCC Owens Department Chair. By unanimous vote, the motion carried. Dr. Contino reported the Committee will be meeting in December to review the school's Annual Reports.

PRESIDENT'S REPORT

Dr. Contino discussed the NCSBN Annual meeting which he attended with Ms. Tyranski, Dr. Zickafoose, Mr. Mangler, and Ms. Jerman. Dr. Contino highlighted parts of the meeting including the unveiling of the NCSBN's wiki page which is being replaced by "The Hive". There was discussion about if state Boards of Nursing should approve graduate nursing program. States were surveyed on this matter and the consensus was about ½ approved graduate educational programs, and ½ did not. When those states who do not currently approve graduate level nursing programs were asked if they would like to, the response was overwhelmingly no. Dr. Contino noted a presentation of interest entitled "Marijuana: A Prescription for Trouble" that was presented by a physician from Colorado. He described many of the issues they have encountered in Colorado as described in her presentation. Another noteworthy presentation was entitled "Little Steps, Big Feet" by Polly Letofsky. Dr. Contino shared this presentation was very inspiring.

Dr. Contino reminded the Board of his previous report at the July meeting concerning the conflict between the National League for Nursing (NLN) and Accreditation Commission for Education in Nursing (ACEN). He received emails from both organizations while at the Annual meeting stating that bylaw changes have been sent to the Secretary of Education for review. He is hopeful the changes are approved and the issue will be resolved. He is attending the NLN meeting September 30, 2015 through October 2, 2015 and hopes to bring back more information following the meeting.

Dr. Contino thanked Dr. Zickafoose for close to five years of service to the Board of Nursing. He explained while the Board is happy for her new opportunity they are also saddened to have her leave the role of Executive Director. Dr. Contino asked Dr. Zickafoose come forward and Mr. Mangler read aloud a tribute to Dr. Zickafoose from the House of Representatives. Dr. Zickafoose thanked the Board for their support and shared what a pleasure it has been to work with the Board members.

EXECUTIVE DIRECTOR'S REPORT

Mr. Mangler reported that the search for successor for the Executive Director position continues. He stated he has two individuals interested in the position and he will keep the Board updated.
